Home of World Famous Thin Fried Catfish

New Orleans has the reputation for being the best when it comes to food, fun and most importantly, warm and enthusiastic people.

It is built around its communities - a combination of traditions and cultures that create our own local gumbo, where a bit of lagniappe is an expected part of life.

For over 75 years, Thin Fried Catfish has been the most desired delicacy of locals and tourists alike. One cannot resist plunging crispy thin fried slices of catfish into creamy tartar and spicy cocktail dipping sauces, while washing it all down with an ice-cold draft beer.

New Orleans Seafood & Hamburger Co. slices ice-cold catfish, lightly dredges it in our secret fish-fry recipe and quickly fries it for three minutes in exactly 350° zero trans-fat free oil. This ensures that our Thin Fried Catfish will always be crispy on the outside and flaky and moist on the inside.

Every order, every day must be fried correctly to ensure that each of our guests continue to return for our World Famous Thin Fried Catfish.

New Orleans Seafood & Hamburger Co. was founded on the philosophy that we would produce a menu with all of the traditional dishes that locals love to eat. We feature food with great ingredients and great flavors that are rich in tradition and are always well-seasoned - real New Orleans comfort food.

We're about great seafood and great hamburgers, families and friends. Come in and celebrate what makes New Orleans the greatest city in the world.
